

**BEFORE THE GREENE COUNTY, INDIANA
SOLID WASTE MANAGEMENT DISTRICT BOARD OF DIRECTORS
RESOLUTION NO. 2024-SW-01
A RESOLUTION FIXING SOLID WASTE MANAGEMENT DISTRICT FEES**

WHEREAS, IC 13-21-14-1 authorizes a solid waste district board of directors to establish solid waste management fees that apply to, among others, all persons generating solid waste within the district who are benefited by solid waste management, solid waste collection, a facility for solid waste disposal, or a facility for solid waste processing; and

WHEREAS, the Greene County Solid Waste Management District (“the District”) Board of Directors (“the Board”) adopted such an ordinance an indeterminate number of years ago; and

WHEREAS, rising costs of disposition of various categories of solid waste have risen significantly since collection fees were last adopted; and

WHEREAS, the Solid Waste Management Advisory Committee (“the Committee”) undertook a comparative study of collection fees among other districts in the region; and

WHEREAS, based upon their study and upon knowledge of the costs of disposal, the Committee recommended that the Board increases collection fees for various categories of solid waste, in order to keep up with the cost of disposal; and

WHEREAS, the Board has examined the Committee report and has concluded that increasing collection fees is in the best interest of the District; and

WHEREAS, due notice of a public hearing and a public hearing must be conducted before a resolution fixing collection fees can be acted upon; and

WHEREAS, the Board caused to be published a notice of public hearing to be held on the 26th day of June, 2024, which notice was published in the *Greene County Daily World* on June 4, 2024, a date more than ten (10) days preceding the public hearing and posted notice on the County’s website continuously starting at least ten (10) full days prior to the hearing and continuing through the date and time of the hearing; and

WHEREAS, the Board conducted public hearing on June 26, 2024; and

WHEREAS, upon conclusion of the public hearing, the Board ratified its conclusion that the best interest of the District is served by increasing its collection fees; and

WHEREAS, the Board further concluded that because out of county residents paying local rates for disposal when they do not pay an annual solid waste fee as part of their real estate taxes as District residents do was not fair to those who do pay the solid waste fee,

NOW THEREFORE, the Greene County Solid Waste Management District Board of Directors RESOLVES as follows:

1. The Board establishes two tiers of collection fees for those items that are subject to collection fees, a resident rate and a non-resident rate.

2. The Board adopts the rates as set forth on the attached sheet, attached to and incorporated herein as **Exhibit A**.

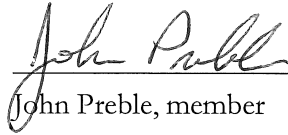

3. The rates so adopted shall be in effect starting July 1, 2024, and continuing thereafter until next revised.

SO RESOLVED this 26th day of June, 2024.

GREENE COUNTY SOLID WASTE
MANAGEMENT DISTRICT BOARD, by:
