Greene County Installer Exam is available at the health department; interested parties may take a one-time local exam with a score of 80% or more. For professional septic repair and installer services, Greene County recommends annual licensing with an IOWPA certification. IOWPA Certifications are accepted in lieu of the Greene County Installer's Exam; visit <https://iowpa.org/certificates/> for more information. Additional manufacturer certifications are required to install sand-lined systems. For Elijen, visit <https://www.eljen.com/industry-professionals/> to access their Indiana manual and request training and certification at <https://www.eljen.com/get-started/>. For Presby (AES) training and certification, visit <https://infiltrator.adspipe.com/training/Indiana/>. Contact the local Infiltrator representative, Matt Johnson at [mjohnson@infiltratorwater.com](mailto:mjohnson@infiltratorwater.com) or Greg Inman at [ginman@infiltratorwater.com](mailto:ginman@infiltratorwater.com) for ATL training and certification; the ATL manual is available at [https://infiltrator.adspipe.com/Custom-Content/www/CMS/files/location-manuals/IN\\_ATL\\_Manual\\_clean\\_052025.pdf](https://infiltrator.adspipe.com/Custom-Content/www/CMS/files/location-manuals/IN_ATL_Manual_clean_052025.pdf).
