

One-Day Lead-Safe Training

EPA Lead Renovation, Repair, and Painting (RRP) Training
Take the class, pass the exam, and receive certification in ONE DAY!

Register online for free class through the Indianapolis Public Library: bit.ly/rrp-10-23

ANYONE who provides renovation or maintenance work for homes, daycare centers, or schools built before 1978 MUST COMPLETE THIS TRAINING. The Environmental Protection Agency (EPA) needs your help in preventing lead poisoning in children.

- Who?** Painters, renovation and repair contractors, building code officials, regulators, residents, parents, landlords, staff working with contractors. Also ...
- Youth Build trainees or apprentice programs, profit, or non-profit groups;
 - Renovators, painters, window installers, housing maintenance staff, electricians, HVAC specialists, plumbers, floor finishers, as well as landlords who perform any of these tasks;
 - Any worker who removes windows or disrupts more than six square feet of paint in pre-1978 homes, schools, or daycare centers. Even if structures are vacant, must be in compliance.

Requirements: Work or live in the area, at least 18 years of age, and available all day. Must understand and read English and have a state-issued photo ID to show proof of residence for EPA. You will be photographed—a requirement for your Certificate after passing the exam.

What? Free Lead Renovation, Repair, and Painting training for residents or service providers.

When? October 24, 2023, 10:30 am to 6:30 pm Bring your lunch. Masks recommended but not required. Includes presentation of modules, hands-on exercises, and certification exam.

Where? Indianapolis Public Library–Martindale Brightwood; 2434 N. Sherman Dr., Indianapolis 46218

- Why?** It is the law—without training, you could face fines up to \$37,500 per day.
- Exposure to lead dust can cause irreversible brain damage in children.
 - Avoid poisoning children, prevent lawsuits, and stop losing work to certified competitors.
 - Protect yourself, workers, customers, and children from serious health risks.
 - Attract new clients on the EPA website as a **Lead-Safe EPA Certified Firm**.

FREE Training! An EPA grant has made this training possible.

- U.S. EPA Region 5 Office in Chicago is funding this training.
- Public Health & Safety, Inc. is accredited to teach Lead Renovator Initial Classes.
- The Indianapolis Public Library and IUPUI are making this class possible in Indianapolis.
