There was submitted for review and approval, the minutes from the August 18, 2026, regular meeting. Brad Norton moved, and Troy Gaither seconded, to waive the reading and approve the minutes as presented. Ron Lehman abstained. The motion passed 3-0-1.

GCAS Jeff Henico updated the board as follows:

1. Paramedic testing will take place soon. The department is fully staffed with the exception of the recent death of long-time employee Brian Schroeder.
2. Revenue for August 2026 was $151,799.22.
3. In August 2026, GCAS and Greene County Rescue combined had 553 runs and 331 transports. Of those transports, 40 were long distance.
4. The mileage and engine hours report was provided and discussed. The new truck has a "check engine light" that comes and goes. Other trucks are also in for various repairs and diagnostics. Troy Gaither noted that there is an exemption for government owned emergency vehicles to request manufacturer deletion of the DEF system. Jeff Henico noted he will look into making the request for the new ambulance that should arrive in January 2027.

The next item of business was the proposed relocation of E-1 to Center Township Fire Department. Ed Michael noted Center Township Fire Department requested that E-1 be moved from Solsberry to Center Township Fire Department since it is more centrally located and is closer to I-69. Jeff Henico noted another benefit is the proximity to the school. The accommodations at Center Township Fire Department will be an improvement for the employees. Troy Gaither moved, and Ron Lehman seconded, to approve relocating E-1 from the Solsberry station to Center Township Fire Department. The motion passed 4-0.

There being no further business, Ron Lehman moved, and Brad Norton seconded, to adjourn. The motion passed 4-0.
